His Highness the Maharaja of Mysore,

Revenue Department.

19 SEP. 1924 SECTION

Sir,

19/9/24

With reference to your letter No.394 dated 6th September 1924, I have the honor to forward herewith details for expenditure allotted under certain heads in the Budget Estimates for 1924-25, under 13 Muzrai Institutions, 2 Endowments and Charitable allowances.

I have the honor to be,

Sir,

Your most obedient servant,

for Muzrai Commissioner.

KSR.

DRAFT REPLY TO INTERPELLATION.

1. Chattrams. A list of chattrams with details of expenditure is attached. There is slight variation between the grants actually enjoyed by these Institutions and the budgetted figures, as the latter are based upon the average expenditure of previous years. (Statement A.)

2. Temples. Temples are too many and a list cannot easily be prepared. A copy of the Cash Grant register may be exhibited. The question of issuing an up-to-date register of Cash Inams is separately under consideration.

3. Mathas. A list of Mathas and Brindavanams enjoying Government grants is appended. The Variation between the grants enjoyed by these institutions and the budgetted figures is on the same grounds as at 1 chattrams above. (Statement B.)

4. Sandalwood allowances.

Institutions which are entitled to free-supply of Sandalwood are mentioned at pages 89-90 of the Muzrai Manual. As the full quantity of the wood confirmed at the Inam Settlement has to be supplied to the Institutions in Kind, the required quantity is purchased from the Forest Department at rates fixed by Government once in five years due provision being made in the Muzrai Budget towards the cost of the wood. The provision of Rs.3483/- in the current year's Budget is based upon the average expenditure of previous years.

5. Charitable allowances.

Khaji allowances ..	1227- 2- 0	(Statement C)
Kodagi allowances ..	181- 4- 3	(" D)
Gograss allowances (Devadaya)	735-11- 0	(" E)
	2144- 1- 3 or Rs.2144-0-0 in round figures.	

6. Muzrai Stipends.

Hereditary allowances ..	1750- 9- 0	(Statement F)
Life grants ..	892- 5- 4	(" G)
GoGrass allowances (Personal)	19-15- 0	(" H)
Dhatrihavana at Hunsur	6-12-0 (since transferre)	
	2669- 9- 4 or Rs.2670-0-0 in round figures.	

7. Details for grants-in-aid.

Friend-in-need Society	..	600	0	0
Aryadharma Bodhini Sabha	..	225	0	0
Girdlestone Home for Incurables	..	300	0	0

THE MYSORE REPRESENTATIVE ASSEMBLY

Dasara Session.

OCTOBER, 1924.

INTERPELLATIONS.

By Mr. Karnick Krishnamurthi Rao,—(Magadi Taluk).

Q.—**1.** *Re* appointments given to the non-brahmin communities in accordance with the Miller Committee Report, will the Government be pleased to state:—

(*a*) How many members of each community other than the Brahmin Community were in Government employment before the publication of the Miller Committee Report?

(*b*) The number of each community who have since been appointed?

(*c*) The total number of each community now comprising the Gazetted and Non-Gazetted ranks of the State Service?

The Chief Secretary to Government.—

A.—**1.** (*a*) Information as to the composition of offices by communities, before the publication of the report of the Miller Committee in 1921 is not available.

A statement showing the number of members of each community in the year 1918 which was furnished in the report of the Miller Committee is placed on the table. (*Vide* Appendix I.)

(*b*) A statement as regards Non-Gazetted Officers is placed on the table. (*Vide* Appendix II.) Information as regards Gazetted Officers is being compiled and will be furnished to the member.

(*c*) Information is being collected and will be furnished to the member.

By Mr. B. L. Byanna,—(Bangalore City).

Q.—**2.** *Re* appointment of members of the Vokkaligara Community as Probationary Inspectors and Sub-Inspectors in the Police Department, will the Government be pleased to state:—

(*a*) Were any Vokkaligars appointed to the Probationary Inspectors' and Sub-Inspectors' posts last year in the Police Department?

(*b*) If the answer to the above is in the negative, will the Government be pleased to encourage the qualified members of this community at least this year by appointing some of them for these offices ?

Secretary to Government, Local and Legislative Departments.—

A.—**2.** (*a*) No.

The minimum qualification for a Probationary Inspector is the B.A. degree and as there was no application received from a Vokkaliga graduate for the place either in 1923 or 1924, no Vokkaliga was appointed to the post. As regards Probationary Sub-Inspectors' posts, out of 7 applicants from the Vokkaligara community only 4 had the prescribed educational qualification; but they could not be appointed as they were found to be not up to mark in the final selection by the Inspector-General of Police.

(*b*) If qualified candidates of the community are forthcoming, the Inspector-General of Police will no doubt consider their claims.

By Messrs. G. Paramasiviah and **Mahomed Abbas Khan,**—(Bangalore City).

Q.—**3.** *Re* proportion of members of the backward communities among the Gazetted Officers in the different administrative departments of the State, will the Government be pleased to state:—

(*a*) The proportion of the members of the backward communities amongst the Gazetted Officers in the different administrative departments of the State?

(*b*) Whether they have taken any or what steps to recruit members of the backward communities in large numbers to the higher ranks of public service?

The Chief Secretary to Government.—

A.—**3.** (*a*) A statement showing the number of Gazetted Officers in each department and the number of those of the backward communities and of other communities is placed on the table. (*Vide* Appendix III.) The figures in column (4) do not include Europeans, Anglo-Indians and others who cannot be considered as belonging to the backward classes.

(*b*) The increased representation of the backward communities in the higher ranks of the Service has been kept in view by Government in making direct appointments to the Gazetted ranks.

By Messrs. Mahomed Sherief, Mahomed Abbas Khan and **G. Paramasiviah,**—(Bangalore City).

Q.—**4.** *Re* recruitment into Amildari and reservation of some vacancies for the members of backward communities, will the Government be pleased to state:—

(*a*) The total number of Amildari and Deputy Amildari appointments made since 1st July 1923 to 1st July 1924?

(*b*) The number of members of the backward communities in detail, that were given these appointments during the year?

(*c*) How far the object of Government contained in the Government Order directing that the number of the backward communities in Amildari service be increased to 50 per cent, has been realized?

(*d*) Will the Government be pleased to ear-mark a number of Amildari and Deputy Amildari vacancies for the members of backward communities so as to get the proportion laid down in the above Government Order ?

Secretary to Government, Revenue Department.—

A.—**4.** (*a*) The total number of Amildari and Deputy Amildari appointments made during the year 1923-24 is 13, besides 8 Probationers who have been recruited for appointment as Amildars.

(*b*) Three of the Amildars appointed are members of backward communities, one Hindu, one Christian and one Mahomedan. Of the 8 Probationers, 6 appointments were given to backward communities as follows:—

(1) Ursu, (2) Lingayet, (3) Bedar, (4) Jain, (5) Vokkaligar, (6) Mahomedan.

(*c*) The present percentage of backward communities in the Amildari Service is about 25% without including the Probationers and 33$\frac{1}{3}$% including them.

(*d*) Government do not consider it necessary to ear-mark any appointments as proposed, as with the appointment of Revenue Proba-

tioners and the inclusion of a large number of candidates of the backward communities in the list of candidates eligible for Amildari as ordered in G. O. No. R. 5068-5127—L. R. 373-22-1, dated 19-5-1923, the required percentage will be reached within the time fixed in the order on the Miller Committee Report.

By Mr. C. Abdul Nabi,—(Bangalore City).

Q.—**5.** *Re number of non-Mysoreans in the services of the State and the total pay given to them, will the Government be pleased to state:*—

(*a*) The total number of non-Mysoreans in the services of the State on a salary of Rs. 100 and more per month ?

(*b*) The total amount of monthly pay given to all of them together ?

The Chief Secretary to Government.—

A.—**5.** (*a*) and (*b*) The information is being collected and will be furnished to the member when complete.

By. Mr. B. L. Byanna,—(Bangalore City).

Q.—**6.** *Re* prohibition of the slaughter of cows in the State, will the Government be pleased to state :—

(*a*) Whether the Government are aware of the prohibition of the slaughter of cows in H. E. H. The Nizam's Dominions and Afghanistan ?

(*b*) Whether the Government are disposed to adopt effective measures in introducing the said prohibition into our State ?

Secretary to Government, Local and Legislative Departments.—

A.—**6.** (*a*) Yes. But the prohibition relates to sacrifices at the time of feasts.

(*b*) Government do not propose to adopt any measure for the present.

By Messrs. G. Paramasiviah and **Mahomed Abbas Khan,**—(Bangalore City).

Q.—**7.** *Re* the grant of foreign and loan scholarships, will the Government be pleased to state:—

(*a*) The number of foreign scholarships and their total value that have been awarded since the last five years ?

(*b*) How many of them are loan scholarships?

(*c*) The number of students that have been awarded the same and the communities to which they respectively belong?

(*d*) In how many cases the scholarships have been extended beyond the period for which they were originally sanctioned and the circumstances under which they have been so extended?

(*e*) The names of persons to whom such concessions were shown?

(*f*) The total amount which ought to have been repaid out of the loan scholarships and the amount actually repaid during the period?

The Chief Secretary to Government.—

A.—**7.** (*a*) Eighteen of a total value of Rs. 1,58,949.

(*b*) Eight.

(*c*)

1.	Brahmins	10
2.	Mudaliars	2
3.	Christians	2
4.	Vokkaligar	1
5.	Mahomedan	1
6.	Ursu	1
7.	Telugu Banajiga	1

(*d*) and (*e*) In six cases, for reasons noted against each.

1. *Mr. V. V. Monterio.*—The qualification of L.D.S. cannot be obtained within the period of two years for which the scholarship was originally sanctioned. An extension of nine months was sanctioned on the recommendation of the Dean of the Royal Dental Hospital, Leicester, and the Senior Surgeon.
2. *Mr. Krishnaswamy Rao.*—He was granted in the first instance a loan scholarship for three years which was subsequently converted into a free Damodar Doss scholarship tenable for two years. He left India at the end of April 1922 and passed the L.R.C.P. and M.R.C.S. examinations in 1923. As the remaining period of scholarship was not considered sufficient for preparing himself for the M.R.C.P. examination, an extension was granted on the recommendation of the Dean of the London University College Hospital and the Senior Surgeon.
3. *Mr. V. Loganatha Mudaliar.*—To enable him to secure some practical training in Railway, Income-tax, and Factory accounts. Extension of scholarship for one more year was contemplated in the order sanctioning the scholarship, if the course chosen by the scholar with the approval of Government necessitated his stay during the third year.
4. *Mr. T. Seshachalam*—To enable him to qualify himself for the F.R.C.S. He could not pass the examination within the prescribed period. His scholarship was extended on the recommendation of the Senior Surgeon and the Dean of the London Hospital Medical College, who stated that the F.R.C.S. examination is the severest test to which a student can be submitted and success at the first chance, especially in the case of an Indian student, is rather a very rare occurrence.
5. *Mr. N. G. Pavanji.*—To enable him to undergo further training in Painting and Fine Art Lithography in Germany. Extension was recommended by the Director of Industries and Commerce.
6. *Mr. A. Subba Rao.*—He could not complete the research work on which he was engaged within the sanctioned period. An extension of one year was considered necessary by the Professor in charge.

Two other scholars, *viz.*, Messrs. G. N. Anniah and A. V. Raghavachar are continuing their studies in foreign countries at their own expense.

(*f*) A sum of Rs. 500 has been repaid up to 30th June 1924 out of a total of Rs. 700 repayable by the loan scholars on account of scholarships sanctioned during the past five years. Information as to the total amount repayable on account of all the loan scholarships including those sanctioned prior to the said period of five years and the amount repaid will be called for and furnished to the members on receipt.

By Messrs. G. Paramasiviah and **Mahomed Abbas Khan,**—(Bangalore City).

Q—**8.** *Re* the award of freeships, merit and other scholarships in schools and colleges, will the Government be pleased to state:—

(*a*) The total value of freeships, half-freeships, merit and other scholarships (excepting those awarded to the students of backward and depressed communities) available in all the schools and colleges in the State?

(*b*) The principles followed in awarding these scholarships?

The Chief Secretary to Government.—

A.—**8.** (*a*) The total value of freeships and half-freeships in schools and colleges cannot be definitely stated as it varies from year to year

according to the total strength of the schools or Colleges. On the basis of the figures available for 1922-23, the value of freeships and half-freeships is roughly Rs. 59,000. This is exclusive of the value of the freeships attached to scholarships.

The value of the several classes of scholarships other than the backward classes and depressed classes scholarships is Rs. 79,991 as detailed below:—

	Rs.
Merit scholarships	3,950
Subject scholarships	2,000
Special District stipends	800
M.A scholarships	1,200
Ordinary scholarships (Engineering)	1,200
Women's scholarships	23,690
Scholarships in the Medical College	1,250
Scholarships for Sanskrit Education	9,383
Military scholarships	5,810
Industrial and Technical scholarships	25,828
Special scholarships	4,380

(*b*) The principles on which the above scholarships are awarded are as follows:—

Merit scholarships are awarded to those taking high rank in the S.S.L.C. and Entrance Examinations.

Subject scholarships are awarded to students for excellence in any particular subjects at the examination at the end of the 1st and 2nd year courses in the University.

Special District stipends are awarded to candidates belonging to the Districts of Shimoga, Kadur and Chitaldrug.

M.A. scholarships are awarded on the basis of the College record and performance at the University Examinations.

Ordinary scholarships in the Engineering College are awarded for precedence at a special scholarship examination in the First Year class and subsequently in the College or the University Examination

Military scholarships are awarded to the sons of soldiers who died on the field or were permanently incapacitated for service during the war.

Special scholarships are awarded in consideration of the special circumstances of each case.

The other scholarships are awarded generally on considerations of poverty and merit.

By Mr. O. V. Rajagopal,—(K. G. F.).

Q.—**9.** Will the Government be pleased to state:—

(*a*) If all the Munsiffs' Courts are provided with typewriting machines and if so, whether there are full-time typists appointed?

(*b*) If copyists are permitted to make use of these machines for taking copies or extracts of proceedings, etc?

(*c*) If the answer to the above question is in the affirmative, whether the copyists are entitled to the copying fees charged for in such cases?

Secretary to Government, Local and Legislative Departments.—

A.—**9.** (*a*) All the Munsiffs' Courts have been provided with typewriting machines with the exception of the temporary Munsiffs' Courts and the Munsiffs' Courts of Dodballapur, Maddagiri, Tumkur (2nd), Narasimharajapura, Chikmagalur and Sagar; but no full time typists have been appointed.

(*b*) Copyists are not authorised to make use of these machines for taking copies, etc.

(*c*) In view of the answer to (*b*), this question does not arise.

By Mr. M. Narasing Rao,—(K. G. F.).

Q.—**10.** Regard ng the question of restoring the major tank of Ghattumadamangala village which is within the K. G. F. Sanitary Board area, will the Government be pleased to state:—

(*a*) Why the work has not been started yet?

(*b*) Where this correspondence is pending and why?

(*c*) Is there any difficulty in starting the restoration work in the near future?

(*d*) Is not the work to be carried out by the P. W. Department, the tank being a major one?

Secretary to Government, Public Works Department.—

A.—**10.** (*a*), (*b*) While sanctioning the estimate it was ordered that the work should be put in hand only after the question of contribution is settled. This question was settled only in 1920. Ever since 1920-21 up to date, it was not possible to allot any money for this work, owing to the limited grants sanctioned to the P.W.D. every year.

(*c*) There will be no difficulty to start the work next year, provided funds are available.

(*d*) Yes.

By Messrs. H. Krishnamurthiachar,—(Mulbagal Municipality) and **K. Shama Rao,**—(Mulbagal Taluk).

Q.—**11.** Will the Government be pleased to state whether certain discrepancies which have occurred in the financial dealings of the Mulbagal Municipality have come to the notice of Government ? If so, what action has been taken?

Secretary to Government, Local and Legislative Departments.—

A.—**11.** Yes. Government have passed orders on the irregularities brought to their notice.

By Messrs. H. Krishnamurthiachar,—(Mulbagal Municipality) and **K. Shama Rao,**—(Mulbagal Taluk).

Q.—**12.** Who was the Polling Officer at the time when the Municipal elections were held three years ago? Was he not one of the candidates for election? Can such a candidate be appointed also as a Polling Officer? Was this fact brought to the notice of Government? If so, how was it disposed of?

Secretary to Government, Local and Legislative Departments.—

A.—**12.** The report received from the Deputy Commissioner shows that the previous Vice-President who was himself a candidate for election of Councillors acted as a Polling Officer and conducted the election. The matter was brought to the notice of Government. The Vice-President seems to have acted as a Polling Officer and conducted the election under the directions of the President who was away from the station and who had power under the rules to appoint a Polling Officer.

As the complaint did not proceed from persons who competed at the election and as no corrupt practice as defined in the rules was apparent from the proceedings, the election was approved.

By. Mr. S. Hampiah,—Special Interests (Sidlaghatta).

Q.—**13.** Will the Government be pleased to state:—

(*a*) If they are aware that applicants for loans for sericulture in accordance with G. O No. 5065—A. I 147-14-3, dated 25th May 1915, are put to trouble for want of sufficient allotment?

(*b*) How many applications for loans have been received since 1915? How many of them were sanctioned? What is the amount granted in all? How many applications are pending disposal and why? Details may kindly be furnished districtwar.

(*c*) What is the budget allotment for loans this year? Can the amount allotted be placed at the disposal of the Head of the Department? If it cannot be so placed, can Government make arrangements to entrust the funds to some other officer so that applicants can have facilities for early sanction of the loans?

Secretary to Government, Revenue Department.—

A.—**13.** (*a*) No.

(*b*)

District	Number of applications received	Number of applications disposed of	Pending	Amount sanctioned
				Rs.
Mysore	26	22	4	950
Bangalore ..	30	20	10	1,750
Tumkur ..	33	18	15	2,710
Kolar	60	35	25	6,250
Kadur	15	5	10	1,500
Hassan	25	13	12	1,350
Chitaldrug ..	..	..	..	..
Shimoga	..	..	..	..
Total ..	189	113	76	14,510

(*c*) The allotment for sericultural loans in the current year is Rs. 5,000. Under the existing rules, loans are granted by the following agencies:—

(a) Loans for general Sericultural Improvement.

	Rs.
Government	up to 5,000
Amildars	.. 100
Sub Division Officers and Superintendent of Sericulture . ..	.. 250
Deputy Commissioners ..	.. 500

(b) Loans for encouraging aided grainages.

Director of Agriculture ..	up to 1,000
Superintendent of Sericulture ..	500

The question of revising these rules and enhancing the powers of sanction of the Superintendent of Sericulture and the Director of Agriculture is under the consideration of Government.

By Mr. N. Sonnappa,—(Chikballapur Taluk).

Q.—**14.** Will the Government be pleased to state:—

(*a*) When did Government sanction the levy of fees on cattle, shops, etc., in the jatra of Sri Bhoganandiswara Swami Temple at Nandi?

(*b*) How many jatras have been held since then, and in what years did the jatras not take place?

(*c*) What is the expenditure of the temple on account of the car festiva and the jatra every year?

(*d*) What is the total amount of collections during the jatras up to the end of June 1924 from the beginning of the jatra collections (details may be given yearwar)?

(*e*) Out of such collections, what is the amount spent for repairing the temple? Yearly expenditure may be given.

(*f*) What is the balance at the credit of the temple?

(*g*) How has this balance been disposed of? If invested in Government securities, loans, etc., details may be furnished.

Secretary to Government, Revenue Department.—

A.—**14.** (*a*) February 1893.

(*b*) Information is not readily available in respect of jatras held prior to 1906-07. During the period of 18 years since 1906-07, jatras were held in 11 years and not held in 7 years.

(*c*) The sanctioned scale of expenditure on account of the car festival and the jatra is Rs 870 per annum.

(*d*) The total amount of jatra collections from the year 1906-07 to the end of the year 1923-24 was Rs. 32,284-7-7.

(*e*) The undermentioned amounts were spent on account of the improvements, etc., of the temple:—

Year	Rs	a.	p.
1907–08	214	9	2
1908–09	840	7	11
1909–10	379	9	4
1910–11	760	4	4

	33	14	0
Grand Total	18,913	3	10

(*f*) and (*g*) The information is not available. It will be furnished on receipt.

By Mr. Abdul Nabi Khan,—(Tumkur Taluk).

Q.—**15.** Will the Government be pleased to state:—

(*a*) The number of English-knowing Head Masters and Assistant Masters employed in the Incomplete Middle Schools established in the State according to the new Education Scheme?

(*b*) The number of Government school buildings for—
1. Hindu boys,
2. Mahomedan boys.

The Chief Secretary to Government.—

A.—**15.** (*a*) The total number of Head Masters and Assistant Masters knowing English in the schools referred to is 373.

(*b*) The number of Government school buildings for Hindu boys and Mahomedan boys is 826 and 57 respectively.

By Mr. K. Suryanarayana Rao,—(Tumkur Taluk).

Q.—**16.** Will the Government be pleased to furnish information regarding the following:—

(*a*) When did Government sanction the restoration of Pathgonahalli tank in Tumkur Taluk?

(*b*) What is the amount of the original estimate? What is the amount of the revised estimate? What is the amount spent? What is the amount of contribution collected from the raiyats for the purpose?

(*c*) Who is the contractor to whom the work was given?

(*d*) Is the whole amount charged for the work paid to him? If not, what is the reason for non-payment? Is the amount spent on work in excess of the estimated amount or less?

(*e*) What is the average depth of the tank below waste weir level?

(*f*) What is the extent of land brought under submersion and hence acquired for the tank bed? (Villagewar, Khatewar and Survey-numberwar details may kindly be furnished.) Are any lands below the tank given in exchange for those which were acquired for the purpose mentioned above? Since how long is the fixing of compensation being attended to? Is any amount of compensation awarded paid to the parties? If not, why not?

(*g*) Where was the necessity for starting the work before the regular acquisition of the land as per rules and payment of compensation?

(*h*) What is the extent of lands under wet cultivation below the tank? What is the wet assessment now derived? What is the amount of dry assessment derived originally? Does the increased wet assessment fetch a reasonable interest on the amount invested on the work?

Secretary to Government, Public Works Department.—

A.—**16.** (*a*) On 15th January 1918.

(*b*) Rs. 17,550. A supplemental estimate for Rs. 3,280, was sanctioned on the 4th October 1921, for filling up the breach in the 7th grade.

Rs. 28,534, excluding the increased compensation amounting to Rs. 7,152.

Rs. 18,207.

No contribution is recovered so far. The Revenue Department is being urged in the matter. The cost recoverable is $\frac{1}{4}$ of the estimate amount.

(*c*) Mr. Siddarama Gowda.

(*d*) Bills for work done so far have been paid, excepting 5 per cent reserve as per rules.

So far the expenditure incurred is Rs. 18,207, against the total amount of Rs. 20,830, sanctioned for the original and supplemental estimates.

(*e*) Question not clear. The sluice is at R. L. 46·00 and the waste weir is at R. L. 60·00.

(*f*) Eighty-three acres.
(May be obtained from the Deputy Commissioner—not available in the P.W.D.)
The Deputy Commissioner has been requested to acquire the lands long ago and intimate the amount to be placed at his disposal.

(*g*) There was a gap at nearly the old weir level 50·00, left in the bund towards the left end and therefore no new lands not already in the bed were submerged. This gap was filled up in 1923 No rain during last year and the lands will be submerged only if there be good rains this year.

(*h*) About 150 acres.
Revenue Department has to settle.
About Rs. 166.
Is expected to yield about 3½ per cent. The return on irrigation works generally comes after some years and cannot be considered only in terms of percentage on the outlay but the benefit of irrigation works on the people generally has also to be counted.

By Mr. Singri Nanjappa,—(Tiptur Taluk).

Q.—**17.** Will the Government be pleased to state whether, in view of the repeated prayers of the Tiptur public for the grant of relief during the distress in the Tumkur District last year, any steps were taken by them in the matter? If so, what was the nature of the relief given to the people of Tiptur? Were any remissions sanctioned in that taluk?

Secretary to Government, Revenue Department.—

A.—**17.** (*a*) Yes.

(*b*) The following measures of relief were adopted:—
1. Sinking of temporary wells,
2. Starting of Village Improvement Works,
3. Construction of Wells under the Drinking Water Well Scheme,
4. Grant of gratuitous relief,
5. Grant of Takavi and Land Improvement Loans,
6. Opening of fodder departments, and
7. Starting of Tank Restoration Works.

(*c*) No. The conditions in the taluk were not so bad as to require the grant of this concession.

By Mr. H. N. Raghavendra Rao,—(Hunsur Taluk).

Q.—**18.** (*a*) Will the Government be pleased to furnish talukwar and babwar details of the amounts spent on the Village Improvements mentioned in answer given to item 8 of Interpellation No. 21 of the Budget Session, 1924, and

(*b*) to state:—
(1) What is the time required to turn out satisfactory results in respect of Village Improvements?
(2) Whether a special officer has been appointed for the purpose?
(3) Whether a sum of Rs. 11,23,264 is not lying idle and whether they will take steps to carry out the improvements early with a view to utilise this amount?

Secretary to Government, Revenue Department.—

A.—**18.** (*a*) Government regret it is not possible to furnish the details required on account of the labour and trouble involved in collecting the information.

(*b*) 1. No time limit can be fixed but all possible efforts are being made to expedite the works.

2. No.
3. If the member refers to the amounts held in deposit it is Rs. 1,14,617 and not Rs. 11,23,264. The amounts will be utilised as the villagers' contributions in respect of the works are received in full.

By Messrs. M. C. Lingegowda and **S. C. Malliah,**—(Mandya Rural).

Q.—**19.** Will the Government be pleased to state:—

(*a*) What is the number of tanks (districtwar) that breached during the last 15 years?

(*b*) What is the number of tanks (districtwar) that have been completely repaired since then?

(*c*) What is the number of tanks that have not been repaired though the raiyats have paid their quota as fixed by Government?

(*d*) What is the number of tanks that have not been repaired though the raiyats have consented to pay their share of contribution?

(*e*) What is the amount of assessment lost by Government by granting remission of wet assessment under breached tanks?

(*f*) Whether in view of the fact that the existence of a large number of breached tanks is a source of great trouble to men and cattle, the Government will be pleased to repair these tanks in a prescribed number of years so as to increase the prosperity of the State?

Secretary to Government, Public Works Department.—

A.—**19.** Please see Appendix IV.

By Messrs. M. C. Lingegowda and **S. C. Malliah,**—(Mandya Rural).

Q.—**20.** Will the Government be pleased to state:—

(*a*) What is the number of original capital works costing over Rs. 10,000, chiefly tanks and buildings taken up by the P.W.D. during the last 15 years?

(*b*) To furnish a list showing the expenditure incurred on each work?

(*c*) To state the loss sustained by Government in abandoning the works after half or three-fourths of the estimated cost has been worked out, and what is the loss due to deterioration of work already turned out more particularly in respect of the (1) Marlvadi project, (2) Nidasale tank, (3) Hairige tank and (4) Bhrugu channel projects?

Secretary to Government, Public Works Department.—

A.—**20.** (*a*) and (*b*) Copies of lists received from the Executive Engineers are herewith attached. (*Vide* Appendix V.)

'*c*) None of the works are abandoned.

(1) and (2) Both these works were ordered in 1921 to be temporarily stopped as no adequate allotments could be made on account of financial stringency.

(3) This is a work in progress but no provision could be made during the last and current years. For the work to be pushed on more vigorously so as to complete the same in 4 years, grant of Rs. 21,000 was applied for but this could not be sanctioned on account of the limited grant placed at the disposal of the Public Works Department. Again Rs. 20,000 has been applied for the current official year as no substantial work can be carried out with anything less than this amount.

(4) The work is under progress and a sum of Rs. 12,000 has been provided in the current year's Budget. Water was let into the channel for the first 10 miles for irrigating the wet lands below it.

By Messrs. M. C. Lingegowda and **S. C. Malliah,**—(Mandya Rural).

Q.—**21.** Will the Government be pleased to state:—

(*a*) What is the amount of bid by Mr. Ránga Rao, Excise Contractor, in the Excise sale of Hunsur and Gundlupet Taluks for 1923-24?

(*b*) Whether he furnished any amount as deposit in accordance with the rules when he was declared the highest bidder?

(*c*) What was the amount lost by Government on account of resale?

(*d*) Whether it will not be in accordance with the rules to recover the amount so lost, from the officer responsible for this neglect ?

Secretary to Government, Revenue Department.—

A.—**21.** (*a*) 1. Hunsur Taluk. Monthly rental .. Rs. 3,171
2. Gundlupet Taluk Do .. „ 2,732

(*b*) Yes. One month's rental was paid as initial deposit by means of cheques. Credit was given for the value of the cheques but on their being dishonoured later by the Bank the credit afforded in the accounts was cancelled.

(*c*) The loss was Rs. 1,025 per mensem consisting of Rs. 546 in Hunsur Taluk and Rs. 479 in Gundlupet Taluk.

(*d*) There is no rule requiring such losses to be recovered from officers responsible for neglect. Further in this case, there was no neglect on the part of any officer for which he may be held responsible.

By Messrs. B. Siddalingasetty and **B. Channappa,**—(Yedatore Rural).

Q.—**22.** Will the Government be pleased to state :—

(*a*) Whether the potgi given to patels and shanbhogs of villages by the side of new channels is in proportion to the amount of assessment collected by them ? If not, why not ?

(*b*) Since how many years has the excess amount been recovered ? Why is it that potgi has not been given for having collected this excess amount?

(*c*) What is the amount of contribution that has been recovered up to date on lands that have become wet under the new channels? Has any commission been paid to patels and shanbhogs for having recovered these amounts ? If not, why not ? Have any arrangements been made to grant commission in future ? If so, at what rate ?

Secretary to Government, Revenue Department.—

A.—**22.** (*a*) Yes.

Biennial revision of Potgi on the basis of increased assessment has been ordered in Government Order No. R. 3987-90—L. R. 181-21-65, dated 12th March 1923.

(*b*) As regards the first part of the question, the enquiry is too general and it is difficult to answer it. As cultivation under these new channels is steadily increasing, Government have ordered the biennial revision of Potgi instead of decennial revision. The first biennial revision of Potgi has just been completed.

(*c*) Rs. 2,89,284-11-7. No commission for the collection of contribution in Government villages is payable according to rules.

By Mr. G. Mallanna,—(Mysore Taluk).

Q.—**23.** Will the Government be pleased to state :—

(*a*) How many petitions have been received in the Office of the Deputy Commissioner of Income-tax against the improper levy of Income-tax ?

(*b*) How many such appeals are received in the Office of the Commissioner of Income-tax ?

(*c*) Whether it is not possible to put a stop to the practice of levying this tax on probable income ?

Secretary to Government, Revenue Department.—

A.—**23.** (*a*) No petitions whatsoever have been received as regards improper levy. If the information required is in regard to the number of appeals preferred against assessment orders of Income-tax Officers the following contains the information:—

			1923-24. No. of appeals.
Special Deputy Commissioner of Income-tax for Bangalore and Mysore Cities and Taluks		..	363
Deputy Commissioner of Income-tax, Bangalore District			19
Do	do	Kolar District ..	41
Do	do	Tumkur District	94
Do	do	Mysore District	50
Do	do	Hassan District	34
Do	do	Kadur District	48
Do	do	Shimoga District	85
Do	do	Chitaldrug District	114
		Grand Total ..	848

(*b*) No. of appeals received in the Office of the Commissioner 1923-24. 188

(*c*) Assessment on probable income is resorted to only when satisfactory proof is not given in respect of the income of the assessee. In the absence of accounts and returns of income, assessment has to be made on the best available information.

By Mr. B. K. Ramakrishnaiya,—(Mysore Urban).

Q.—**24.** Will the Government be pleased to state:—

(*a*) How many dismissals occurred in the Loco. Workshop since 1922 ?

(*b*) Why there were so many dismissals ?

(*c*) Whether dismissed employees have memorialised to Government and to His Highness the Maharaja?

(*d*) What action has been taken by the Government in the matter?

(*e*) How many new hands have been employed since 1922?

(*f*) How many of these are non-Mysoreans by birth or domicile?

(*g*) Whether local men, efficient and well-trained, could not be found to fill all the vacancies?

Secretary to Government, Railways.—

A.—**24.** (*a*) No employee has been dismissed since 1922, but 619 men have been discharged, either due to continuous absence from duty or due to retrenchment.

(*b*) Does not arise (*vide* answer to Q. *a*).

(*c*) None.

(*d*) Does not arise (*vide* answer to Q. *c*).

(*e*) 329 Artisans and 596 coolies have been entertained in all, including men re-entertained more than once against the same place.

(*f*) The men entertained are all either Mysoreans by birth or by domicile.

(*g*) Does not arise.

By Messrs. M. Venkatakrishniah, M. Ramaswami, B. K. Ramakrishnaiya, Lokahitaishi H Nanjundaraj Urs, M. Lakshmipathiah, S. Srikantachar, and **Chikkanna** *alias* **Venkatappa,**—(Mysore).

Q.—**25.** Will the Government be pleased to state:—

(*a*) Whether the opinion of the public was taken before the recent reforms in the system of primary and middle school education were introduced?

(*b*) What was the number of candidates that appeared for the Lower Secondary examination with English as second language from 1918 to 1924 and what was the number that appeared for the English Lower Secondary examination after passing Kannada Lower Secondary examination during the same period?

(*c*) What was the number of petitions that were received by the Inspector-General of Education during 1922-23 and 1923-24 praying that Kannada Lower Secondary Scheme be continued and how were they disposed of?

(*d*) (1) How many teachers were working in the primary classes during 1923-24 in Mysore District ?

(2) How many are teaching in the current year?

(3) Why is it that there has been a decrease in their number ?

(4) Is it due to a decrease in the amount allotted to this district under primary education for 1924-25 ?

Chief Secretary to Government.—

A.—**25.** (*a*) The answer is in the affirmative. Proposals for the remodelling of the primary and middle school grades of education were made in the Education Memorandum which was published for general information and criticism in August 1919. The recent reforms are based on the orders passed in 1921 on the Education Memorandum.

(*b*) A statement giving the information is placed on the table (*vide* Appendix VI).

(*c*) The total number of petitions received in the Office of the Inspector-General of Education on the subject cannot be definitely stated as some are reported to have been sent to the Inspecting Officers without being separately registered. So far as information is available, one was received in 1922-23 and about nine in 1923-24. These were also forwarded to the Inspecting Officers for disposal in the light of the circular issued by the Department in pursuance of the remodelling orders.

(*d*) (1) 411.

(2) 536.

(3) and (4) No reply is called for in the light of the answers to (*d*) (1) and (2).

By Messrs. Marulasiddappa and **Ruddrappa,**—(Arsikere Taluk).

Q.—**26.** Will the Government be pleased to state:—

(*a*) How many villages have deposited since 1918-19 half the cost of contribution towards the school buildings in their villages and what the total amount of such deposit is?

(*b*) For how many villages out of them, have the Government contributed the remaining half of the cost and what the total amount so granted is?

(*c*) In how many villages have the school buildings been completed ?

(*d*) How many villages have not been given such Government grant within one year from date of deposit of the raiyats' contribution? What are the names of such villages and what is the amount deposited by each?

(*e*) Ever since the Education Cess Fund came into force, what is the total amount of contribution which the Government have sanctioned up to date out of that fund in respect of the previous applications made for school buildings?

(*f*) Is it a rule that this fund should not be utilised for furniture and other charges but applied solely for the expansion of schools and the conversion of aided schools into Government institutions?

Chief Secretary to Government.—

A.—**26.** (*a*) 328 villages.
Rs. 1,25,004. In most cases the contribution does not amount to half the cost of the building.

(*b*) 230
Rs. 73,905

(*c*) 90

(*d*) 98. Information regarding the names of villages and the amount deposited by each will be furnished to the member.

(*e*) Rs. 21,500.

(*f*) The answer is in the negative.
The Cess is utilised not only for the expansion of schools and the conversion of aided schools into Government institutions but also for furniture and other charges.

By Mr. A. S. Nanjundappa,—(Alur Sub-taluk).

Q.—**27.** Will the Government be pleased to state:—

(*a*) How many villages there are in the State with a population of 100 and more ?

(*b*) In how many of them primary schools are opened by Government ?

(*c*) In how many villages there are aided schools ?

(*d*) How many villages have no schools of any kind ?

(*e*) What percentage the number of villages having schools work up to the total number of the aforesaid villages ?

(*f*) How many villages which had such schools in 1918-19 and 1919-20 have none now ?

(*g*) How many villages are there with a population of less than 100 ?

(*h*) What percentage does the number of children having primary schools bear to the total number of children entitled thereto and how many per cent are actually receiving such education ?

Chief Secretary to Government.—

A.—**27.** (*a*) 14,105 villages.

(*b*) 2,307.

(*c*) 1,658.

(*d*) 10,140.

(*e*) 28·11

(*f*) 1,332.

(*g*) 4,741.

(*h*) The meaning of the question is not clear. If the member wants information as to the percentage of boys and girls attending schools to the total number of boys and girls of school-going age, the answer is 26·04 per cent.

By Mr. A. S. Nanjundappa,—(Alur Sub-taluk).

Q.—**28.** Will the Government be pleased to state :—

(*a*) What were the establishment charges of the Bhadravati Iron Works before the appointment of the Managing Board and what is the present expenditure ?

(*b*) What is the excess cost incurred on account of the increased establishment ?

(*c*) What royalty would Government realize if the iron ore gratuitously given to the Works were sold elsewhere and what is the value of the fuel supplied to it free of cost ?

(*d*) Considering the immense loss the Government is sustaining, why should not an immediate retrenchment be effected in the cost of establishment ?

Secretary to Government, Revenue Department.—

A.—**28.** (*a*) The monthly expenditure on establishment charges before the appointment of the Board was Rs. 47,527. The same charges on the 1st of September 1924 are Rs. 40,787 per month.

(*b*) Nil.

(*c*) 1. *Ore.*—Iron ore used in the Works has ordinarily no demand or market value and no royalty would have been realised by Government even if the Iron Works did not exist.

2. *Fuel.*—No fuel is supplied to the works free of cost. The Works meet all charges for the collection, preparation and transport of wood and also make a contribution towards the cost of the special forest staff employed on fuel collection.

(*d*) *Vide* answers to (*a*) and (*b*).

By Messrs. H. Boranna and **A. Mahadevappa,**—(Hassan Taluk).

Q.—**29.** With reference to the Administration Report of the Police Department for the year 1922-23 and the Government review thereon, will the Government be pleased to state what steps have been taken or will be taken—

(*a*) To improve the morale and efficiency of the Department ?

(*b*) To attract better type of recruits to the Police Department ?

(*c*) To weed out inefficient hands from the Department ?

Secretary to Government, Local and Legislative Departments.—

A.—**29.** (*a*) Every attempt is made to keep up and improve the morale and efficiency of the Department by recognising honest and efficient work among the officers and punishing those who are found to be corrupt and inefficient.

(*b*) Educational qualifications have been prescribed for recruitment to the several grades and only those possessing these qualifications are generally appointed to them.

(*c*) Whenever instances of inefficiency of officers are brought to notice, they are suitably dealt with by removal of the officers or otherwise according to the circumstances of the case.

By Mr. Puttamallappa,—(Shikarpur Taluk).

Q.—**30.** Will the Government be pleased to state :—

(*a*) How many posts, not being that of Amildars, fell vacant since 1921, in the offices of the Amildars, Sub-Division Officers and Deputy Commissioners in the Mysore State ?

(*b*) How many members of the Lingayet community and how many of the other communities have joined service in the State ?

Chief Secretary to Government.

A.—**30.** (*a*) and (*b*) Information is being collected and will be furnished to the member after compilation.

By Mr. Puttamallappa,—(Shikarpur Taluk).

Q.—**31.** Will the Government be pleased to give information on the following:—

(*a*) The amount of contributions recovered in the Shimoga District and the tanks in respect of which and the date on which the contributions were recovered?

(*b*) What action has been taken for the restoration of such tanks?

(*c*) Whether the Government is aware of the inconvenience suffered by the raiyats on account of the non-restoration of the tanks in spite of the payment of the contribution amount?

(*d*) Whether the Government will make arrangements for the restoration of the tanks in the year in which the contributions are recovered ?

Secretary to Government, ~~Local and Legislative~~ Revenue Department.—

A.—**31.** (*a*) A statement giving the information is placed on the table (*vide* Appendix VII).

(*b*) Of the 163 tanks for which contribution has been recovered, 64 have been restored and 8 others are in progress. In the case of 49 tanks, full contribution has not yet been recovered. The amounts recovered in respect of 23 taluks have been refunded as there was no prospect of their being taken up in the near future. The restoration of the remainig tanks will be taken up as funds permit.

(*c*) Yes.

(*d*) Arrangements will be made to start the works as quickly as possible.

By Messrs. N. Gurulingappa and **G. P. Rangappa,**—(Honnali Taluk).

Q.—**32.** Will the Government be pleased to give information on the following:—

(*a*) What is the extent of land, affected by the unusual floods, which remained unsown in the Shimoga District during the year?

(*b*) Whether it is under the consideration of the Government to take a regular account of the lands, the crops of which suffered by the floods?

(*c*) What relief is proposed to be granted to the sufferers?

(*d*) Whether arrangements have been made for getting a list of the lands flooded?

(*e*) What provision of law exists for the grant of relief or compensation to the sufferers?

Secretary to Government, Revenue Department.—

A.—**32.** (*a*), (*b*), (*c*) *and* (*d*) The attention of the members is invited to paragraph 4 of Government Order No. R. 1020-1228—R. M. 3-24-54, dated 8th August 1924, which gives information about the arrangement made for estimating the damage to lands and the relief proposed to be given to the sufferers. The statistics of lands affected are being collected.

(*e*) There is no specific provision of law in the matter.

By Messrs. H. S. Venkatappa, B. Gopalachar and **T. Ramanna,**—(Tirthahalli Taluk).

Q.—**33.** Will the Government be pleased to state :—

(*a*) The number and names of malnad taluks in the State ?

(*b*) What is the extent of such malnad taluks ?

(*c*) What is the population of the malnad area ?

(*d*) What is the number of school-going boys and girls in the malnad area ?

(*e*) What is the number of primary schools existing now in the malnad ?

(*f*) How many middle schools are there in the malnad ?
(*g*) How many high schools are there in the malnad ?
(*h*) How many of the schools referred to in columns (*e*, *f* and *g*) relate to boys and how many to girls ?
(*i*) Are there any colleges specially intended for the malnad and if there are, what is the standard up to which they train students ?
(*j*) To what extent are the high schools and colleges situated in the malnad utilised by the maidan students ?
(*k*) What portion of the amount allotted in the education budget is expended for the maintenance of colleges in the malnad ?
(*l*) Similarly what amount is expended for high schools in the malnad ?
(*m*) What proportion of the amount allotted for education in the whole State is spent on education in the malnad ?

Chief Secretary to Government.—

A.—**33.** (*a*)

(1) Manjarabad		Hassan District
(2) Belur		
(3) Mudigere		Kadur District
(4) Koppa (including Narasimharajapura Sub-taluk)		
(5) Tarikere		
(6) Chikmagalur		Shimoga District
(7) Tirthahalli		
(8) Nagar		
(9) Sagar		
(10) Sorab		

(*Vide* Appendix No. VIII.)

(*b*) 511,043 square miles.
(*c*) 552,447
(*d*) 44,843 boys, 39,028 girls.
(*e*) 383.
(*f*) 15 Middle Schools and 46 Incomplete Middle Schools.
(*g*) The three High Schools at Chikmagalur, Shimoga and Hassan serve the respective malnad areas.
(*h*) Out of 383 Primary Schools, 345 are for boys and 38 for girls. All the 15 Middle Schools are for boys. Of 46 Incomplete Middle Schools 35 are for boys and 11 for girls.
(*i*) No.
(*j*) No information is available.
(*k*) No answer is called for in the light of the reply given to clause (*i*).
(*l*) The amount expended for the High Schools at Chikmagalur, Shimoga and Hassan was Rs. 44,925 in 1922-23 and Rs. 47,471 in 1923-24.
(*m*) The information is not available and it cannot be collected as some of the educational charges comprise both malnad and maidan areas.

By Messrs. Hosakoppa Krishna Rao and Jammatige Shama Jois,—(Koppa Taluk).

Q.—**34.** Will the Government be pleased to state:—
(*a*) What was the method adopted last year for assessing damages caused to lands by last year's floods in the malnad taluks?
(*b*) What was the basis on which the proposals for remission of assessments were considered and decided last year ?
(*c*) What was the number of cases in which remission was granted last year as against the number of persons and the amount of remissions recommended by the local authorities (Amildars and downwards) ?
(*d*) What was the number of cases in which full assessment was collected from the assessees before the grant of remissions was made to them last year ?

(*e*) What was the total amount of remissions actually granted in the districts affected by floods and droughts last year?

(*f*) What were the arrears of Land Revenue that stood at the beginning of the current year for the whole State, without coercive steps (sale proclamations and attachment) being taken for their recovery ?

Secretary to Government, Revenue Department.—

A.—**34** (*a*) The damaged lands were first inspected by Shekdars and by Special Mojanidars in some cases ; the results of their inspection were verified by higher officers.

(*b*) The proposals for remissions as regards lands affected by floods were governed by the principles contained in Revenue Commissioner's O. M. No. C. 297—23-24, dated the 28th October 1923, a copy of which is placed on the table, (*vide* Appendix IX). Remissions in districts affected by drought were governed by Government Orders No. R. 3748-58—L. R. 502-17-10, dated the 4th February 1922, and No. 256-60—Dis. dated the 16th January 1924, copies of which are placed on the table (*vide* Appendices X and XI).

(*c*) In the Malnad Districts, 1,256 cases involving Rs. 13,763-12-10 were recommended for remission, out of which 752 cases aggregating to Rs. 6,270-10-7 have been sanctioned so far. In the maidan districts, the amount recommended for ~~suspension~~ by local officers was Rs. ~~53,525-4-11~~ and orders have not yet been passed on the remission statements. It is not possible to give the number of persons involved in the case of the maidan districts, as each tank is taken as the unit for remission.

(*d*) 897 ; but refunds will be given in these cases.

(*e*) *Vide* reply to (*c*)

(*f*) Rs. 6,10,128-2-7 (excepting Mysore District information in respect of which is not available).

By Mr. B. Rangarajiah,—(Minority Interests, Mudgere Taluk).

Q.—**35.** Will the Government be pleased to state:—

(*a*) Whether it has come to their notice that promotions have been given to teachers of boys' and girls' schools regardless of qualifications, seniority and training in the new allocations of grades ?

(*b*) If so, what steps have been taken to remedy the injustice ?

(*c*) Will the Government be pleased to call for gradation lists from the Head of the Department and remedy the injustice now done ?

Chief Secretary to Government.—

A.—**35.** (*a*), (*b*) and (*c*) No such cases have come to the notice of Government. It is understood that the Inspector-General of Education has, with a view to satisfy himself as regards promotions given by officers subordinate to him, called for statements of such promotions together with the gradation lists. If any specific cases of injustice are brought to his notice, he will be prepared to investigate them.

By Mr. B. Rangarajiah,—(Minority Interests, Mudgere Taluk).

Q.—**36.** Will the Government be pleased to lay on the table the following information:—

(*a*) The number and amount of scholarships granted each year since the establishment of the Medical School and the communities to which they were granted?

(*b*) How many scholarships granted to women were made available each year to others on their having fallen vacant and to what communities they were given?

Secretary to Government, Local and Legislative Departments.—

A.—**36.** A statement giving the information is placed on the table. (*Vide* Appendix XII.)

By Mr. Meer Mahomed Sab,—(Tarikere Taluk).

Q.—**37.** (*a*) Will the Government be pleased to state whether any provision has been made in the Budget for providing poor people with houses in various towns, cities and villages? If so, what is the provision and how is it to be used?

(*b*) If the answer is in the negative, will the Government be pleased to consider the desirability of immediately providing such a grant specially in view of the present floods?

Secretary to Government, Revenue Department.—

A.—**37.** (*a*) No.

(*b*) If house building co-operative societies apply for assistance the request will be considered.

By Mr. N. M. Sivalingappa,—(Kadur Taluk).

Q.—**38.** Will the Government be pleased to state under what circumstances "Halat" on supari is being given to the Sringeri Jaghir and from what year?

Secretary to Government, Revenue Department.—

A.—**38.** The member's attention is drawn to the Government Order No. Fl. 8323-7, dated the 4th May 1907, copy of which is placed on the table. (*Vide* Appendix XIII.)

By Mr. N. M. Sivalingappa,—(Kadur Taluk).

Q.—**39.** Will the Government be pleased to furnish information on the following points:—

(*a*) Details for the expenditure of Rs. 60,218 set apart for chatrams (institutionwar).

(*b*) Details for Rs. 25,364 for temples (institutionwar).

(*c*) Details for Rs. 60,118 for mutt (institutionwar).

(*d*) Details for Rs. 3,482 for sandalwood allowances (institutionwar).

(*e*) Details for Rs. 2,144 for charitable allowances (institutionwar).

(*f*) Details for Rs. 2,670 for muzrai stipends (institutionwar).

(*g*) Details for Rs. 6,970 for grants-in-aid (institutionwar).

allotted in the Budget estimate for 1924-25 under 13, Muzrai Institutions—2 Endowment and Charitable Allowances.

Secretary to Government, Revenue Department.—

A.—**39.** Government regret that it is not possible to furnish detailed figures in respect of the institutions referred to in the interpellation, in view of the voluminous nature of the lists and the great amount of labour and trouble that their preparation will entail.

By Mr. Doddaiya,—(Chitaldrug).

Q.—**40.** Will the Government be pleased to state what was the number of darkhasts for lands presented by Panchamas in each district during 1923-24 and what was the extent of lands involved? What was the extent of lands granted during the period and in what localities?

Secretary to Government, Revenue Department.—

A.—**40.** A statement giving the required information is placed on the table. (*Vide* Appendix XIV.)

By Mr. M. S. Narasinga Rao,—(Molakalmuru Taluk).

Q.—**41.** Will the Government be pleased to state:—

(*a*) How many Gazetted Officers are there in the Mysore service?

(*b*) How many from each district?

(*c*) Is the number of officers from each district in proportion to its population?

Chief Secretary to Government.—

A.—**41.** (*a*) Number of Gazetted Officers, 529.

(*b*) and (*c*) Government have not got the information and do not think it necessary to collect it.

By Mr. B. Sitaramiah,—(Hiriyur Taluk).

Q.—**42.** (*a*) Will the Government be pleased to state whether, in the places where compulsory education has been introduced, sufficient accommodation for holding classes and sufficient number of teachers have been provided ? If the answer be in the negative how many schools are suffering from the inconvenience resulting from the deficiency? The names of the schools may be kindly given.

(*b*) In places where the levy of Education Cess is enforced, what obstacles are there in the way of remedying the above inconveniences in the current year? What steps have Government taken to remedy the above state of things and what time will be taken in doing so?

Chief Secretary to Government.—

A.—**42.** (*a*) It may be stated generally that in many Primary Schools in the areas where compulsory education has been introduced, the accommodation is not sufficient and additional teachers are wanted. Complete information regarding the schools for which additional accommodation and staff are required is not available but is being collected by the Department.

(*b*) Many of the compulsory education centres are municipal towns and Education Cess is not being levied in most of them. It is doubtful whether the District Boards concerned representing rural interests will agree to make their cess funds available for meeting the expenditure on compulsory education in municipal areas. The Inspector-General has been asked to review the working of the scheme of compulsory education in the State and suggest measures for remedying the defects therein. His report in the matter is awaited.

By Messrs. Kandagal Channabasappa,—(Davangere Taluk) and **Nadig Mallappa,**—(Holalkere Taluk).

Q.—**43.** Will the Government be pleased to state if the scheme of introducing Kannada Lower Secondary in village schools, where there are 2 masters, promised in the Budget Session of the Representative Assembly of 1924, was actually adopted? If so introduced, in what district is the scheme working? If the same has not been introduced till now, what is the reason for the delay? Is it under contemplation to bring the scheme into effect at once?

Chief Secretary to Government.—

A.—**43.** No promise of the kind referred to was made at the last Budget Session of the Assembly. The suggestion made in the course of discussion *re* the Kannada Lower Secondary Examination was only noted for consideration At present only Primary Schools in localities which have no complete or Incomplete Middle Schools and which have a staff of more than 3 teachers are permitted to prepare and present candidates for the Vernacular Lower Secondary Examination. This arrangement, though not satisfactory, has been adopted as a temporary measure till Middle or Incomplete Middle Schools could be established in these centres. The extension of this arrangement to the case of schools with only two teachers is not contemplated at present as it will result in the lower classes of Primary Schools being neglected by the staff who will devote the major portion of their time in coaching up the few boys going up for the Vernacular Lower Secondary Examination.

By Mr. J. S. Mahalingappa,—(Jagalur Taluk).

Q.—**44.** With reference to the reply of Government to Interpellation No. 44 of the last Birthday Session of the Representative Assembly and the statement published in that connection, of the appointments referred to in the statement, how many were for superior posts and how many for inferior posts and what was the reason for a greater number of the appointments having been made from among the more advanced communities instead of from the backward communities?

Chief Secretary to Government.—

A.—**44.** All the appointments referred to in the list were to posts in superior service. The chief reason for the number of appointments of members of the Brahmin community being more than that of all other communities put together was that during the period a large number of officials who had been discharged on account of retrenchments in all departments had to be absorbed and were, under orders of Government, given preference over new applicants.

By Mr. B. Venkatanaranappa,—(Mysore University).

Q.—**45.** Will the Government be pleased to state:—

(*a*) The total number of teachers in the Primary and Lower Secondary Departments of the several Government schools in Bangalore and Mysore respectively and the average number of pupils per teacher? How many of these teachers have received proper training?

(*b*) The grades and salaries of these teachers, with the total number getting any particular salary in each case?

(*c*) Whether trained teachers are given preferential treatment, and if so, in what manner?

(*d*) The maximum number of pupils (i) in the Primary, (ii) in the Lower Secondary and (iii) in the High School Department that are permitted to be taught together in any class by a single teacher; and whether any supernumerary pupils are permitted in any of these classes?

Chief Secretary to Government.—

A.—**45.** (*a*) The total number of teachers is as follows :—

	Primary Department.	Lower Secondary Department.
Bangalore ..	205 ..	.. 102
Mysore ..	171 ..	.. 34

The average number of pupils per teacher is as follows :—

	Primary Department.	Lower Secondary Department.
Bangalore ..	29 ..	.. 27
Mysore ..	22 ..	.. 18

The number of teachers who have obtained the training certificates is as follows :—

	Primary Department	Lower Secondary Department.
Bangalore ..	87 ..	.. 40
Mysore ..	98 ..	.. 16

(*b*) Statement furnishing the information is placed on the table (*vide* Appendix XV).

(*c*) Yes. Other things being equal, the trained teachers are generally preferred for promotion.

(*d*) The maximum number of pupils that are permitted to be taught together in a class is as follows :—

(i) In the primary schools, one teacher is given to a school with a strength of less than 30 pupils and one more teacher for every 30 pupils up to a maximum strength of 90. In schools the strength of which is over 90, a class or section of 40 pupils is taken by one teacher.

(ii) In the High Schools, the strength of each section is fixed at 40 to 50 as accommodation permits.

If the number of pupils admitted do not much exceed the above limits no new sections are opened.

(iii) In the Middle schools one teacher for a class or section of 40 pupils.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

No. C. 297—23-24. *Dated Bangalore, 28th October 1923.*

Official Memorandum.

SUBJECT :—

Para 7 (iii) of Government Order No. 794-806—C. B. dated 13th September 1923, authorising the Revenue Commissioner to sanction grant of remission of assessment for one year in the case of garden or wet lands seriously damaged by the recent floods.

This office D. O. No. C. 297, dated 18th September 1923, requesting the Deputy Commissioners of Mysore, Shimoga and Kadur Districts to suggest certain principles on which grant of remission of assessment to owners of wet and garden lands affected by the floods so as to ensure the adoption of a uniform method in the districts affected by the floods and calling for their opinion.

The marginally noted references from the Deputy Commissioners of Mysore, Shimoga and Kadur Districts submitting their proposals in the matter.

(1) Letter No. Hc. 18—23-24, dated 26-9-23, from the Deputy Commissioner, Shimoga.

(2) Letter No. R.O.C. 508—23-24, dated 24-9-23, from the Deputy Commissioner, Mysore.

(3) Letter No. D. Dis. 450—23-24, dated 14-10-23 from the Deputy Commissioner, Kadur District.

Although no hard and fast rules can be prescribed for the grant of remission in the case of lands affected by the floods, the following instructions are issued laying down the general principles on which the grants of remission may be granted :—

1 *Wet lands.*—(i) Where a land has been completely damaged or has been rendered totally unfit for cultivation owing to heavy land-slips or other causes, the rules contained in Section 47 of the Land Revenue Code should apply.

(ii) In the case of lands in which the seedlings were washed away and there was time enough for the seeds being resown, no remission need be recommended except in cases where the yield is less than four annas But where the crops have been totally lost and there is no time for the seeds being resown on account of the difficulty in rendering the land again fit for cultivation, full assessment in proportion to the area thus affected may be remitted.

2. *Bagayet lands.*—In the case of Bagayet lands where the out-turn is less than four annas, full remission for the year may be recommended.

In the case of lands requiring special treatment, special recommendations may be made in each case on its merits.

3. The shanbhogs should prepare, along with the other annual accounts, a statement in the marginally noted form showing the lands affected by the floods and the nature of relief required by the occupants thereof. The Amildar while conducting the dittam Jamabandy should inspect the lands and place the statement for the orders of the Jamabandy Officer with his opinion. The recommendations for remission should reach the undersigned before the end of December next so that orders might be passed on all such cases before the commencement of the collection season.

(SD.) K. CHANDY,
Revenue Commissioner.

To—The Deputy Commissioners of Mysore, Shimoga and Kadur Districts.
The Revenue Secretary to Government.

S. O.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. R. 3748-58—L. R. 502-17-10, dated 4th February 1922.

Suspension and remission of wet assessment.

Issues revised rules in the matter of——on tank-irrigated lands and directs that the rules be adopted tentatively for a period of five years.

READ—

Correspondence ending with letter No C. 4276, dated 12th November 1921, from the Revenue Commissioner in Mysore, forwarding a set of draft rules in the matter of suspension and remission of wet assessment on tank-irrigated lands.

ORDER No. R. 3748-58—L. R. 502-17-10, DATED 4th FEBRUARY 1922.

It has been the settled policy of Government as laid down in Government Orders Nos. 9048-55—Pet. 151, dated 16th April 1897, and R.1211-2—L. R. 331-06-4, dated 10th August 1907, to grant partial remission of assessment only when there is a general failure of wet crop in any locality and consequent distress and not in individual cases where a tank on which lands are dependent for their irrigation does not obtain a sufficient supply of water in any year on account of deficient rainfall.

2. But it having been frequently pressed on the attention of Government at the successive Sessions of the Representative Assembly, that the existing policy should be changed so as to afford greater relief to the raiyats, a Special Committee of the Representative Assembly was constituted in Government Order No. Camp—C. 122-71—G. M. 418-17-1, dated 4th November 1917, to investigate the question of remission of wet assessment under the Mysore, Madras and Bombay systems, and to examine the representations on the subject. The report of the Committee has been under the consideration of Government for some time past. In this connection the Revenue Commissioner has submitted his proposals which have been carefully considered by Government. In the last Session of the Assembly also, the subject was discussed at length and the members were informed that the issue of suitable rules was under consideration and, that after these are issued they might make further representations, if necessary, if the rules did not afford the expected relief.

3. Government are accordingly pleased to issue the following rules, in supersession of those now in force and to direct that they be adopted tentatively for a period of five years, after which any changes that may be deemed necessary in the light of the experience gained in their practical working will be further considered.

(1) Where, owing to failure of rains throughout any tract, any tank in such tract has not received an adequate supply of water, so that more than half the area of wet lands under it has remained uncultivated, or has, even though cultivated, yielded a crop of not more than 4 annas, the recovery of half the assessment for the year on all the *wet* lands under such tank may be suspended by the Revenue Commissioner, provided that he is satisfied that the tract is

already so impoverished or the previous harvests have been so poor as to render such a measure of relief necessary.

(2) The amount of assessment suspended under Rule (1) shall be collected in the following year along with that year's khistbandi, unless there is a similar failure of crop or a harvest of not more than 4 annas in that year also, in which case it will be remitted.

No. R. 3748-58—L. R. 502-17-10, DATED 4th FEBRUARY 1922.

(3) Application for suspension or remission under Rules (1) and (2) should be made by the villagers concerned to the Amildar before the end of November.

(4) The Amildar shall, on receipt of the application, make a personal inspection of the affected tract and submit a report of the result, with a statement in the annexed form, to the Sub-Division Officer, who will forward it to the Deputy Commissioner by the end of December with his own opinion after personal inspection and such further enquiry as he may consider necessary to satisfy himself about the accuracy of the Amildar's report.

(5) On receipt of the report, the Deputy Commissioner shall, if he is satisfied with the claim of the villagers for suspension or remission as the case may be, submit a recommendation to the Revenue Commissioner, with a consolidated statement in the form mentioned above before the end of January.

(6) If the Revenue Commissioner cousiders that a good case for the grant of suspension under Rule (1) is made out, he will sanction the suspension and cause an announcement thereof to be made before the beginning of the khistbandi in February, and shall forthwith report the fact for the information of Government with particulars of the tract affected and the probable amount of the suspended revenue.

(7) When the Revenue Commissioner is of opinion that remission of the suspended revenue should be sanctioned under Rule (2) he will report the case to Government and obtain their orders in the matter.

(8) The above rules will be applicable only to lands under tanks and not to those under river and other channels, the supply to which is more or less certain and assured.

4. These rules will not affect those relating to the grant of remissions of assessment of lands lying waste by breach of the sources of irrigation (Pages 195-196 of the new Revenue Manual).

C. VENKATA RAO,
Secretary to Government,
Revenue Department.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts
The Chief Engineer of Mysore.
The Superintendent of Revenue Survey and Settlements in Mysore

APPENDIX XI.

(Vide *reply to Interpellation No. 34.*)

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

G. O. No. 256-60—Dis. dated Bangalore, the 16th January 1924.

Remission of half the assessment.

Sanctions the——in the case of lands classed as wet and irrigable under tanks in Goribidnur and Maddagiri Taluks and in the Gudibanda and Koratagere Sub-Taluks during the year 1923-24.

READ:—

Government Order No. 3748-53, dated 4th February 1922, issuing revised rules in the matter of suspension and remission of wet assessment on tank-irrigated lands.

2. Para 11 of letter No. C. 147, dated 4th November 1923, from the Revenue Commissioner in Mysore, submitting certain proposals for the remission and suspension of Land Revenue during the year 1923-24 in tracts affected by drought.

ORDER NO. 256-60—DIS., DATED THE 16TH JANUARY 1924.

Government passed certain general orders, in the Government Order read above on the subject of granting suspension and remission of wet assessment on lands under tanks. The Revenue Commissioner has now submitted certain proposals which go very much beyond the scope of those orders and he recommends a general relaxation of the rule in the case of tracts affected seriously by adverse seasonal conditions in the districts of Kolar and Tumkur as a special case.

In Government Order No. R. 2583-93—R.M. 11-23-104, dated 7th December 1923, the time prescribed for submitting applications for such relief has been extended up to the end of December 1923 and Government are now pleased as a very special case to relax the general rules under which suspensions and remission can be granted in the taluks specified in the margin, of the two districts of Kolar and Tumkur which have suffered seriously on account of insufficient rainfall for more than two successive years and to order as follows:—

Goribidnur, Gudibanda, Maddagiri, Koratagere.

ASSESSMENT ON LANDS CLASSED AS WET.

1. In the case of lands classed as wet and irrigable under tanks on which the crops have totally failed or the out-turn is not more than two annas in the total of a normal crop of 16 annas, one-half of the assessment instead of being suspended for one year shall be remitted.
2. Individual applications need not be insisted upon and tracts affected adversely may be dealt with together, the rules of inspection before granting remission already prescribed being followed in respect of each survey number.
3. Government are not prepared to accept the recommendations of the Revenue Commissioner to suspend half the assessment in the case of failure of crops on dry lands as they see no justification now for departing from the established principles upon which the dry lands have been and are to be assessed at each revenue settlement.

K. V. ANANTARAMAN,
Secretary to Government,
Revenue Department.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Kolar and Tumkur Districts.
The Superintendent, Revenue Survey and Settlements.
The Comptroller to Government.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

No. Fl. 8323-7—L. S. 75-05-2, dated Bangalore, 4th May 1907.

READ:—

Letter No. 187, dated 16th June 1906, from the Survey and Settlement Commissioner in Mysore, forwarding for the consideration of Government the representation made by the Agent of Sringeri Jaghir stating that the income of the said Jaghir will be materially reduced if the levy of Halat on supari be abolished as contemplated by Government and praying for the grant of an adequate compensation to the Jaghir should the levy of Halat in question be decided to be done away with.

READ AGAIN:—

1. Government Notification No. Fl. 6878-88, dated the 14th March 1907, announcing the abolition of Halat on supari with effect from the 1st July 1907.
2. The decision of Government No. 1600—P. F. 68 of 94, dated the 21st February 1902, holding that when Government abolish any existing item of taxation throughout the State, the holder of an alienated village who is bound not to levy it in his village has no right to claim compensation from Government on account of the loss caused to him thereby.

NO. FL. 8323-7—L. S. 75-05-2, DATED BANGALORE, 4TH MAY 1907.

ORDER THEREON:—The proceedings of Government No. 1600—P. F. 68 of 1894, dated the 21st February 1902, read above, lays down the general principle that has long been recognised that no holder of an alienated village is entitled to any compensation on account of the abolition of any existing item of taxation. According to this ruling, none of the Inamdars in the State, including the Sringeri Jaghir, who are entitled to Sayer revenue, can, as a matter of right, demand any compensation on account of the abolition of the Halt on supari with effect from the next official year.

2. The case of the Sringeri Jaghir however, presents special features which entitle it to special consideration at the hands of Government. It differs from the other Jaghirs in the State in its great antiquity and the purposes for which the grant was made. This Jaghir is said to have been granted so far back as 1346 A.D. by the Vijayanagar Kings for the support and maintenance of the Mutt which was founded by the great Sankaracharya in the 8th century. It is recognised as the principal centre of the Advaitha School of Philosophy throughout India and has had a regular apostelic succession of high priests who have commanded universal veneration by their piety and learning. It occupies a foremost place among the religious institutions of India to which all schools of Indian thought pay reverence. From the earliest times, the integrity of Sringeri Jaghir has been respected and its maintenance has received special attention at the hands of the rulers for the time being. The revenue derived from the Jaghir is spent on temple service, in encouragement of study of the philosophic systems appertaining to the Hindu Religion and in the hospitality which the Mutt authorities have to extend to pilgrims and others on special occasions, such as the Navaratri, etc.

3. The average revenue of the Jaghir is about Rs. 51,000 of which about Rs. 20,000 is derived from Sayer. This item of revenue, *viz.*, Sayer is said to have been conceded to the Mutt by the Keladi King Somasekhara Naik for the celebration of the Navaratri festival of Sri Saradamba in the Mutt and the annual average expenditure incurred by the Mutt on this (Navaratri) festival is reported to amount to about Rs. 15,000. The Mutt has been deriving an

average income of Rs. 19,668 from the Halat on supari which item of revenue if abolished would materially reduce the total income of the Mutt by about 38 per cent. It is urged that the Mutt cannot afford to forego so large a portion of its resources if it is to maintain the status and prestige it now holds.

4. The Government, on a consideration of all the circumstances, are of opinion that the Jaghir in question deserves special consideration, and are accordingly pleased to sanction, as a special case, an annual grant of Rs. 15,000 (fifteen thousand rupees) to the Sringeri Mutt with effect from the 1st July 1907 as an equitable set-off against the loss which will be sustained by it by the abolition of Halat on supari. The Comptroller is requested to make the needful provision in the budgets of the next and succeeding years.

APPENDIX XIV.
